### **DETAILED ACTION**

Applicant's amendment dated 03/29/2010 has been received and entered. Claims 1, 3, 20-25, 27-28 and 57 are pending in the application.

Claims 1, 3, 20-25, 27-28 and 57 are allowed.

The following is an examiner's statement of reasons for allowance:

None of the prior art of record discloses or suggests alone or in combination that a multi-domain liquid crystal display device comprising a combination of various elements as claimed more specifically a passivation layer directly on said plurality of data bus lines and directly on portions of a gate insulator in a pixel region, an electric field inducing window formed in the passivation layer and of the pixel region, a photo-alignment layer having a pre-tilt angle in a range of about  $2^{\circ}$  to about  $5^{\circ}$  on at least one of the first and second substrates, wherein the photo-alignment layer is divided into at least two regions so that liquid crystal molecules of the liquid crystal layer have mutually different alignment directions in each region, and the electric field inducing window divides the pixel region into a first region and a second region, and wherein the electric field inducing window is aligned with a portion of the passivation layer that is directly on said gate insulator as set forth in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
